## PSEG Long Island Osprey "First Hatched" Contest

Teachers – here is an opportunity to have a little more fun with Osprey's this spring! Our Osprey's have laid their eggs and we are waiting for the first ones to hatch. Predict what day the first one hatches (one prediction for each nest covered by our live Osprey cameras) and you and the student winner can win tickets to the Long Island Aquarium.

How to participate:

- Copy terms and conditions form and parental permission slip to send home with students.
- Collect signed entry/permission form with hatch date predictions by April 30. Retain these forms.
- Fill in spreadsheet supplied with student names and date predictions and forward to [peter.hornick@pseg.com](mailto:peter.hornick@pseg.com) no later than May 3<sup>rd</sup>.
