

## MY SAFETY PLEDGE

I am now a certified Safety Sleuth and I understand how to be safe not only in my home and surrounding environment but also around electricity. I know that there are trusted adults in my life who are always there to be my “safe people.” I will not hesitate to ask for help or for guidance when I feel unsafe. I will use and share the knowledge I gained from the Safety Sleuth program with my friends and family so we can be safe every day.
